---

The school reserves the right to assess applications and select students. If the school approves an application, the application fee is due if there had been no trial and no trial fee. The school will use the first two months as a probationary period, which the child will need to complete successfully in order to continue at DSKI. Please note that withholding information could result in your child's place at our school being terminated with immediate effect. If there had been a trial including trial fee, it will be counted as an application fee. With their signature parents confirm that they have been informed about the school, the fee structure, and their obligation if the application is approved.
