

After School Extracurricular Club Offerings Term 2 2018/ 2019 (February - June)

The school is offering some new after school extracurricular club activities. Depending on you and your child’s interest, please check out the information about the different activities. Each club activity has a **minimum requirement of at least 4 students**, with the exception of the Skateboard/ Scooter Club which has a minimum of 6 students. If we are unable to reach the minimum number, the respective activity will not run. The fee for half of the school year (starting during the week of February 11th - 15th) will be **¥20,000**.

Students will be supervised while having snack between the end of classes and the start of the club activity at 3:45. Most clubs finish at either 4:30 or 4:45. There will be no buses at this time to transport your child home, so try to carpool with other parents. Please use the online registration to sign up for the activities. If you have any questions please feel free to contact me or the teachers of the different activities via email (lance.brabant@diskobe.org). Thank you very much. **The deadline for clubs to reach the minimum enrollment is Friday, February 1st! You will get a confirmation email by the 4th. Once you have received confirmation, payment should be done via bank transfer by Monday, February 11th. If the club you sign up for does not run due to insufficient members, you will be notified and given the chance to join one of the other clubs that will be running.**

Sincerely,
Lance Brabant
